# Share of installs from ads compared to organic traffic

# Impact of changes in paid install volumes on organic traffic

# Key takeaway

- For new publishers: Ads is a quick way to build a user base and get results for ASO fast
- For current publishers: Paid installs can improve your organic traffic
- Experiment, track impact and don't forget about ROAS

# UA and ASO should go in hand in hand

# UA and ASO should go in hand in hand

# Viral today, keep going on for tomorrow

WEB-TO-APP

# Key Takeaways:

1. ASO is a powerful part of app marketing, but not the only key to success
2. Combining all UA methods and measuring the whole funnel results is a win strategy

*Invest your resources in the smart way*

**There is no 0 marketing approach** *anymore*

# Thanks for watching!
